## MOVING HOUSE!!!

### WHO ELSE HAS KEYS TO YOUR NEW HOME?????

Are you aware the average number of spare keys to your new home can exceed **15**?

We at **Invictus** know this is a busy and stressful time in your life so let us give you peace of mind when it comes to security.

This is the best time to replace your locks. We'll supply and fit brand new front and rear door locks to Insurance standard for an all inclusive price of **£99 + VAT** for mortice locks and **£85 + VAT** for UPVC doors.

I am also able to advise and carry out installation of Wire free Intruder alarms and Access Control systems.  
Please refer to enclosed leaflet with typical price of alarm unit installed

Should you require advice on your home or business security issues please give me a call to discuss. All information is treated as confidential.

Wishing you a quick and successful move.
